No 3 SEPTEMBER 1991 Page

Editorials

193 The genetics of hypertrophic cardiomyopathy *D M Gilligan, J G F Cleland, C M Oakley*

196 Digital coronary angiography: the new gold standard? *G Hartnell, P Wilde*

Original articles

199 Induction of a reduction in haemoglobin concentration by enalapril in stable, moderate heart failure: a double blind study *B Herrlin, O Nyquist, C Sylvén*

206 Differences in first dose response to angiotensin converting enzyme inhibition in congestive heart failure: a placebo controlled study *R J MacFadyen, K R Lees, J L Reid*

212 Cyclosporin treatment does not impair the release of nitric oxide in human coronary arteries *G S O'Neil, A H Chester, S Kushwaha, M Rose, S Tadjkarimi, M H Yacoub*

217 Genesis of Still's murmurs: a controlled Doppler echocardiographic study *H M Gardiner, H S Joffe*

221 Moderate hypothermia in the management of resistant automatic tachycardias in children *S Balaji, I Sullivan, J Deanfield, I James*

225 Atrial pacing as an adjunct to the management of post-surgical His bundle tachycardia *J A Till, E Rowland*

230 Dynamics of ventricular repolarisation in the congenital long QT syndromes *N J Linker, A J Camm, D E Ward*

238 Influence of colour Doppler echocardiography on the ultrasonic assessment of congenital heart disease: a prospective study *J P Gnanapragasam, A B Houston, W B Doig, R Fraser, S Lilley, E Murtagh, G Olafsson*

Case reports

244 Conservative surgery in multiple cusp involvement in tricuspid valve endocarditis *J R Anderson, P Scott, R U Nair* (Comment by *T Treasure*)

246 Double partitioning of the left atrium: a previously unreported echocardiographic finding in a case in which transoesophageal echocardiography aided operative resection *F A Bu'Lock, P Murphy, R P Martin*

248 Fatal rupture of an unsuspected post-traumatic aneurysm of the thoracic aorta during pregnancy *J N Townend, M K Davies, E L Jones*

British cardiology

250 British Heart Foundation surveys (1987 and 1989) of United Kingdom treatment policies for acute myocardial infarction *R Collins, D Julian*

256 **Letters to the editor**

198 **Plants in cardiology**

259 **Book reviews**

259 **British Cardiac Society newsletter**

260 **Notices**

No 4 OCTOBER 1991 Page

Editorial

261 Using skeletal muscle to assist the heart *T L Hooper, L W Stephenson*

Review

264 Vascular tone in heart failure: the neuroendocrine-therapeutic interface *J G F Cleland, C M Oakley*

Original articles

268 Relation between cyclic variation in echo amplitude and segmental contraction in normal and abnormal hearts *D A Lythall, R B Logan-Sinclair, C J D Ilsley, S S Kushwaha, M H Yacoub, D G Gibson*

277 Responsiveness of raised pulmonary vascular resistance to oxygen assessed by pulsed Doppler echocardiography *M Vogel, J Weil, H Stern, K Bühlmeyer*

281 Transoesophageal echocardiographic assessment of fixed subaortic obstruction in children *J P Gnanapragasam, A B Houston, W B Doig, M P G Jamieson, J C S Pollock*

285 Assessment of right and left ventricular function in terms of force development with gestational age in the normal human fetus *M St John Sutton, T Gill, T Plappert, D H Saltzman, P Doubilet*

290 Non-invasive measurement of the regurgitant fraction by pulsed Doppler echocardiography in isolated pure mitral regurgitation *C Tribouilloy, W F Shen, M A Slama, H Dufossé, D Choquet, A Marek, J-P Lesbre*

295 Reduced exercise capacity in patients with tricuspid regurgitation after successful mitral valve replacement for rheumatic mitral valve disease *P H Groves, N P Lewis, S Ikram, R Maire, R J C Hall*

302 Role of transoesophageal echocardiography in evaluation of cardiogenic embolism *I W Black, A P Hopkins, L C L Lee, B M Jacobson, W F Walsh*

308 DiGeorge syndrome with isolated aortic coarctation and isolated ventricular septal defect in three sibs with a 22q11 deletion of maternal origin *D I Wilson, I E Cross, J A Goodship, S Coulthard, A H Carey, P J Scambler, H H Bain, A S Hunter, P E Carter, J Burn*

313 Silent ischaemia in diabetic men with autonomic neuropathy *J J O'Sullivan, R M Conroy, K MacDonald, T J McKenna, B J Maurer*

316 Myocardial ischaemia and ventricular arrhythmias precipitated by physiological concentrations of adrenaline in patients with coronary heart disease *A J McCance, J C Forfar*

Case report

320 Paradoxical embolisation of a catheter fragment to a coronary artery in an infant with congenital heart disease *H S Klys, A P Salmon, J V De Giovanni*

Views from the past

322 John Fothergill and angina pectoris *W L Proudfit*

British Cardiac Society

325 Coronary angioplasty in the United Kingdom *Report of a working party of the British Cardiac Society*

301 **Plants in cardiology**

307 **Obituary: Eirian Williams**

332 **British Cardiac Society newsletter**

332 **Notices**

No 5 NOVEMBER 1991 Page

Editorials

333 Management of patients with Björk-Shiley prosthetic valves *T Treasure*

335 Heart valve surgery in the United Kingdom: present practice and future trends *K M Taylor*

Original articles

337 Short and long term results after intracoronary stenting in human coronary arteries: monocentre experience with the balloon-expandable Palmaz-Schatz stent *M Haude, R Erbel, U Straub, U Dietz, J Meyer*

346 Changes in Doppler indices of cardiac function during and after percutaneous transluminal coronary angioplasty *A C Hunt, S C Chow, J Escaned, R A Perry, A Seth, M-F Shiu*

351 von Willebrand factor in plasma: a novel risk factor for recurrent myocardial infarction and death *J-H Jansson, T K Nilsson, O Johnson*

356 Increased concentrations of tumour necrosis factor in "cachectic" patients with severe chronic heart failure *J McMurray, I Abdullah, H J Dargie, D Shapiro*

359 Estimating the size of myocardial infarction by magnetic resonance imaging *L W Turnbull, J P Ridgway, J J Nicoll, D Bell, J J K Best, A L Muir*

364 Myocardial bridges: morphological and functional aspects *A G Ferreira Jr, S E Trotter, B König Jr, L V Décourt, K Fox, E G J Olsen*

368 Pregnancy outcome and Ebstein's anomaly *J E Donnelly, J M Brown, D J Radford*

372 Doppler echocardiographic evaluation of pulmonary blood flow after the Fontan operation: the role of the lungs *D J Penny, A N Redington*

375 Abnormal patterns of intraventricular flow and diastolic filling after the Fontan operation: evidence for incoordinate ventricular wall motion *D J Penny, M L Rigby, A N Redington*

Case reports

379 Echocardiographic and angiographic diagnosis of Ebstein's anomaly of the mitral valve *J L B Jacob, L C da Silveira, D M Braile*

381 Double outlet left ventricle: diagnosis with magnetic resonance imaging *S A Rebergen, G L Guit, A de Roos*

Epidemiology

384 Physical activity and ischaemic heart disease in middle-aged British men *A G Shaper, G Wannamethee*

British Cardiac Society

395 Staffing in cardiology in the United Kingdom 1990: sixth biennial survey: with data on facilities in cardiology in England and Wales 1989 *D Chamberlain, B Pentecost, K Reval, J Stevens, D McC Boyle, S Cobbe, D Ballantyne, T Shaw*

No 6 DECEMBER 1991 Page

Editorial

409 Antihypertensive drugs and plasma lipids *J D Swales*

Original articles

411 Assessment of anomalous systemic and pulmonary venous connections by transoesophageal echocardiography in infants and children *O Stümper, J Vargas-Barron, M Rijlaarsdam, A Romero, J R T C Roelandt, J Hess, G R Sutherland*

419 Left ventricular dysfunction in the fetus: relation to aortic valve anomalies and endocardial fibroelastosis *G K Sharland, S K Chita, N L K Fagg, R H Anderson, M Tynan, A C Cook, L D Allan*

425 Increased plasma viscosity and erythrocyte aggregation: indicators of an unfavourable clinical outcome in patients with unstable angina pectoris *F-J Neumann, H A Katus, E Hoberg, P Roebruck, M Braun, H-M Haupt, H Tillmanns, W Kübler*

431 Effect of single lung transplantation on pulmonary hypertension in patients with end stage fibrosing lung disease *J C Doig, P A Corris, C J Hilton, J H Dark, R S Bexton*

435 Abnormal right heart filling after cardiac surgery: time course and mechanisms *B Wranne, F J Pinto, E Hammarström, F G St Goar, J Puryear, R L Popp*

443 Effect of left bundle branch block on diastolic function in dilated cardiomyopathy *H B Xiao, C H Lee, D G Gibson*

448 A new cross sectional echocardiographic method for estimating the volume of large pericardial effusions *I A D'Cruz, P K Hoffman*

452 Echocardiographic evaluation of fibrous replacement in the myocardium of patients with Duchenne muscular dystrophy *K Miyoshi*

456 Angiographic demonstration of incoordinate motion of the ventricular wall after the Fontan operation *D J Penny, A N Redington*

460 Surgical treatment of pulmonary hypertension in protein C deficiency *N P Briffa, I Wilson, D B Clarke*

Case reports

463 Successful stenting of a life threatening pulmonary arterial stenosis *D Mulcahy, U Sigwart, J Somerville*

466 Stenting of superior vena cava and inferior vena cava for symptomatic narrowing after repeated atrial surgery for D-transposition of the great vessels *P Chatelain, B Meier, B Friedli*

British cardiology

469 Cardiac interventional procedures in the United Kingdom in 1989 *P J B Hubner on behalf of the British Cardiovascular Intervention Society*
